

# COFFEE QUEEN ORIGINAL

## M-1, M-2, A-2

Our appreciated, trusty workhorse is available with both manual and automatic water filling. The brewers have hotplates and the brewers with automatic water supply have electronic timers and a signal when the coffee is ready. The brewing volume, 4-12 cups, is easy to adjust at the front of the machine.

1.8 litre serving decanters are included with all models. Coffee brewers with automatic water filling are provided with a connection hose for the water.
